

FIRST SIX WEEKS
WEEK ONE

Parents Center.

The third grade teachers will be setting up a parents center in the hall between Mr. Taylor's and Miss. Filis' classrooms. This center is designed for you to be informed, and involved in your students education. If you would like to help out we will have things for you to do and sign up for. We thank you for all of your support and help.

This week we are setting goals and getting organized for the school year. Please bring all paperwork back and signed by Wednesday of this week. Please also look at the supply list provided in the Third Grade Information packet for additional supplies your student will need to make this year successful.

AUGUST 24, 2009

Welcome to the First Week of School

Welcome to the first week of school. I am very excited to start fresh with a great group of students. This newsletter will be a resource for you as parents to know what's happening on the horizon in our classroom. It will include subjects or skills being taught and upcoming events for you and your student to look forward to.

The first week of

school is a very exciting for the students and I. We will be getting to know each other and learning all about third grade. Wednesday we will start changing classes. If you have any questions about this please feel free to email or call me. I look forward to making this a fun rewarding year for you and your student.

A Letter from your Worker Bee

Please ask me what I did today at school. Don't let me answer "nothing." We work hard everyday. I may even be a little tired. Please ask what I did that was GREAT, not if I got in trouble. Encourage me to wonder and ask questions. Please help me if I cant figure things out, sometimes I get

confused. Please read to me and with me. It helps me so much to practice what I need to work on. I am a great kid- I am yours!
Love,
Me
XOXOXO

Look for upcoming suggestions to use when working with your student at home in this section.
